Testimonials

Lactisol

Why do you use Lactisol?

“ After a year of not having Lactisol in our meal mix due to payout constraints, we found a few health issues occurred. We added Lactisol this season.

✓ Results

We had an immediate lift in production, easier calving and higher conception rate from AI. Health issues disappeared.

“ If your cows are doing 400kgMS plus, Lactisol is not only advisable, it is essential. ”
